

CAMP TALOOLI

75 YEARS AND GROWING!

Capital Campaign Nokomis Lodge & Program Expansion

For nearly 75 years, Camp Talooli has been a place for children to reconnect with nature, practice independence, find belonging, and become leaders. Today more than ever, families, schools, and community organizations are drawn to Camp Talooli to help children grow.

Over the past 5 years, the number of people Camp Talooli serves has more than doubled. Between summer camp, school groups, and family camping, Talooli serves over 4,000 people a year and we are rapidly outgrowing our existing facilities. The focus of our current capital campaign is to support the growing need for year-round educational space with the completion of Nokomis Lodge. Nokomis Lodge will be an 8,000 square-foot year-round educational building that includes:

- Large group conference space for 200 people
- Dormitory-style sleeping facilities
- 10 gender neutral bathrooms with individual showers
- Small indoor breakout room
- Large breakout/educational space on a covered patio
- Beautiful view of Lake Temalo
- Large indoor stone fireplace with casual seating for fireside chats
- Outdoor fire ring and seating overlooking Lake Temalo
- Kitchenette
- Small administrative office
- New year-round camp store
- State of the art technology for educational groups and conferences
